- 5) ...you were accused of cheating, but you didn't?

- 7) ...the person next to you on an airplane fell asleep on your shoulder?
- 8) ...you accidentally bumped into a car while driving in the parking lot, and slightly damaged the other car, but no one saw it happen?
- 9) ...you could drink a potion to make you live young and healthy forever, but everyone you knew would age normally, and eventually die?
- 10) ...you discovered that you have one month left to live?
- 11) ...you had to lose one ability: the ability to read, or the ability to hear music?
