

Here's how to write your sample questions:

1. Pick two verbs from the list that look fairly easy to mix up
2. Put them in parentheses, next to a blank

_____ (*entender / encontrar*)

encuentran

3. Decide who will do the action, and conjugate the verb to match. *Ellos*
Write the conjugated form (the answer!!) in the far right margin of your paper
4. Make up some details to finish the sentence. They find something... what?

*Ellos _____ (*entender / encontrar*) un iPhone 6*

5. Then add just a little bit more detail to make it interesting:

*Ellos _____ (*entender / encontrar*) un iPhone 6 en la escuela.*

6. If you are awesome, you can add even more detail:

*Pablo y Ana _____ (*entender / encontrar*) un iPhone 6 en la escuela,
Y el teléfono está en condición perfecta. ¡Excelente!*

7. A completed question should look like this:

*1. Pablo y Ana _____ (*entender / encontrar*) un iPhone 6 en la escuela,
Y el teléfono está en condición perfecta. ¡Excelente!*
