AVID "Promo Commercial"
Step 3: Storyboard

Due 3/18 on Wikispaces (by midnight)

==Directions:== Create a Storyboard Template that scripts the action and audio of your video.

1. Rectangles – Draw the central focus of the scene. In the picture, capture the essence of that scene.

   *Do not just slap down stick figures each frame. Be sure you are indicating what is happening in the shot and the message you are sending through the picture.

2. Audio – Write what the actors/narrator will say

3. Video – Explain the action that will happen in the scene.
